

Self-Guided Grounds Quest-Middle School & High School

On the following page you will find the Capitol Grounds Quest. The Grounds Quest is an **optional self-guided** activity in addition to guided tours that have been scheduled at the Visitors Center and/or inside the Capitol. Make additional copies as needed in advance of your visit to the Capitol Complex. If you have a large number of students designate different starting points and arrange to do the quests in varying order.

Before beginning the Grounds Quest, make sure that all teachers, chaperones and parents know the start times and location of their Capitol Tour and/or Visitors Center Tours. **Arrange in advance where to meet in order to regroup prior to the start of those scheduled tours. Both the Capitol & Visitors Center Tours will begin at the scheduled times.**

For groups with at least 30 minutes of waiting time *prior* to check in for their Capitol Tour, we suggest doing questions 1-12. For groups with at least 30 minutes of open time *after* their Capitol Tour, we recommend doing questions 13-24 .

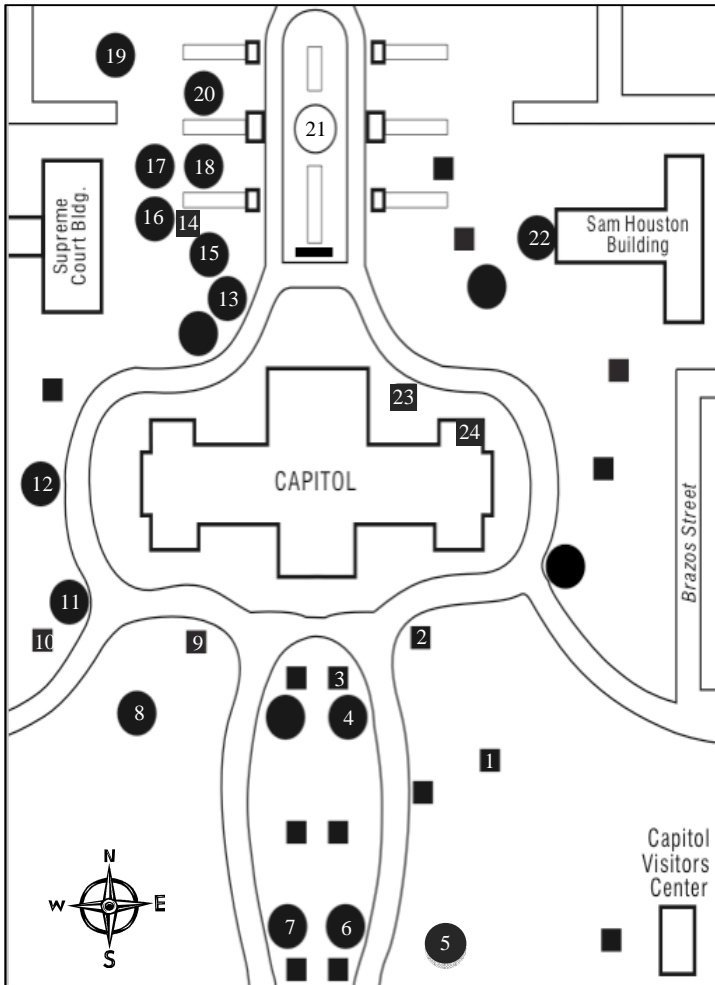

Grounds Quest Answers

- | | |
|---|---------------------------------------|
